ORGANIC OLD STYLE RAW MILK GOUDA

Available in 200 g and 2 kg

La Chaudière cheeses are made in the traditional way without modern short-cuts that compromise quality. The milk used in the production of all our cheeses comes from certified organic farms that do not use any pesticide, hormone, antibiotic or chemical fertilizer in the tending of their dairy herds and cultivation of their land. In return, the milk received from those cows is more tasteful and makes better cheese.
